

ILLINOIS DEPARTMENT OF VETERANS' AFFAIRS

**CRIMINAL RECORDS-BASED
RESTRICTIONS REPORT**

In Accordance with 20 ILCS 5000/15(c)

DATE: January 30, 2012

TO: Illinois Criminal Justice Information Authority (CJA.EmplRestrictions@Illinois.gov)

FROM: Illinois Department of Veterans' Affairs

SUBJECT: Criminal Records-Based Restrictions Report – Pursuant to 20 ILCS 5000/15(c)

Pursuant to the Task Force on Inventorying Employment Restrictions Act (20 ILCS¹ 5000/15(c)), the Illinois Department of Veterans' Affairs has prepared the Criminal Records-Based Restrictions Report, which is defined in the Act as: *“a report for the Task Force that describes the employment restrictions that are based on criminal records for each occupation under the agency's jurisdiction and that of its boards, if any, including, but not limited to, employment within the agency; employment in facilities licensed, regulated, supervised, or funded by the agency; employment pursuant to contracts with the agency; and employment in occupations that the agency licenses or provides certifications to practice.”*

Section 15(c) of the Act has eight subsections specifying the reporting requirements regarding criminal records-based restriction. The eight subsections are referenced and addressed individually.

(1) The job title, occupation, job classification, or restricted place of employment, including the range of occupations affected in such places. (20 ILCS 5000/15(c)(1))

All Department full time, part-time, temporary, and emergency hires are subject to name-based criminal history background checks.

Direct-care workers are subject to more stringent checks. In addition to UCIA² fingerprint background checks, all direct care positions are subject to Illinois Department of Public Health (IDPH) Health Care Worker Registry checks which include registry checks with the Health and Human Services Office of Inspector General; Illinois Sex Offenders Registration; Illinois Department of Corrections Sex Registrant, Inmate Search, and Wanted Fugitives databases; and the National Sex Offender Public Registry.

In regards to applicants for non-direct-care positions, the Department considers an applicant's criminal history in the hiring process. However, the Department does not have a policy specifying any offense as disqualifying.

¹ ILCS: Illinois Compiled Statutes (www.ilga.gov)

² UCIA: Uniform Conviction Information Act (20 ILCS 2635) – **See Attachment N.**

As of December 31, 2011, the Department employs approximately 1,241 individuals, including approximately 636 direct-care workers. The breakdown by location and unit is as follows:

	Direct-Care	Non-Direct-Care	Total
Central Office	0	44	44
Field Services	0	75	75
Anna Veterans' Home	36	33	69

(2) The statute, regulation, policy, and procedure that authorizes the restriction of applicants for employment and licensure, current employees, and current licenses. (20 ILCS 5000/15(c)(2))

The restrictions are primarily authorized by the Health Care Workers Background Check Act (225 ILCS 46), an Illinois state law which prevents many health care employers from hiring an individual who has certain criminal convictions as a direct care worker and, in long-term care facilities, from being hired as a worker who has or may have access to residents, their living quarters or their financial, medical or personal records. Section 25 of the Act addresses persons ineligible to be hired by health care employers and long term facilities. **See Attachment A.**

Additionally, the Health Care Workers Background Check Code (77 Ill Adm. Code⁵ 955 Section 955.160), addresses *Disqualifying Offenses*. **See Attachment B.**

Further, Section 1337 (Health Care Workers Background Check) of the Illinois Veterans' Homes Code (77 Ill Adm. Code 340.1377), specifically requires the Department's veterans' homes to "*comply with the Health Care Worker Background Check Act (225 ILCS 46) and the Health Care Worker Background Check Code (77 Ill. Adm. Code 955).*" **See Attachment C.**

The Department also utilizes a list of *Disqualifying Convictions* maintained and published online by the Illinois Department of Public Health (IDPH).⁶ The offenses are listed in Section 3 of this report. **See Attachment D.**

The Department does not have an internal policy specifying any offense as disqualifying for non-direct-care positions. Criminal background checks are executed for all new hires, and the criminal history is considered in the hiring process.

(3) The substance and terms of the restriction, and

(A) if the statute, regulation, policy or practice enumerates disqualifying offenses, a list of each disqualifying offense, the time limits for each offense, and the point in time when the time limit begins;

(B) if the statute, regulation, policy or practice does not enumerate disqualifying offenses and instead provides for agency discretion in determining disqualifying offenses, the criteria the agency has adopted to apply the disqualification to individual cases. Restrictions based on agency discretion include, but are not limited to, restrictions based on an offense "related to" the practice of a given profession; an offense or act of "moral turpitude"; and an offense evincing a lack of "good moral character".

(20 ILCS 5000/15(c)(3))

Non-Direct-Care Occupations

All non-direct-care occupations are subject to name-based UCIA criminal background checks that are executed by the Illinois State Police. The Department has no positions exempt from criminal background checks. The process is described in the Instructions for Submitting Conviction Inquiries. **See Attachment E.**

A Live Scan Fingerprint Vendor Application is also available should a name-based ISP criminal background check not come back clear (this form has only been used once in the past two years for non-direct-care staff). **See Attachment F.**

(4) The procedures used by the agency to identify an individual's criminal history, including but not limited to disclosures on applications and background checks conducted by law enforcement or private entities. (20 ILCS 5000/15(c)(4))

Direct-Care Occupations

An IDPH Health Care Worker Background Check - Authorization and Disclosure for Criminal History Records Information (CHRI) Check form is completed by the applicant. After a selected candidate is identified through the interview and selection process, the applicants information is submitted to the Illinois Department of Public Health (IDPH) through its *Health Care Worker Background Check Registry's Web Application*, for a finger-print based criminal background check, in addition to registry checks identified in section 15 C (1), in accordance with Section 33 of the Health Care Workers Background Check Act (225 ILCS 46/33). **See Attachments K and M.**

Non-Direct-Care Occupations

A Request for Release Of Information Form is completed by applicants authorizing the Illinois State Police to release criminal history information relative to the existence or nonexistence of any criminal record on file. After candidate is identified through the interview and selection process, the candidate's information is submitted to the Illinois State Police for a name-based criminal history background check. The Department utilizes an electronic file transfer program that sends background check requests to Illinois State Police via encrypted email. Encrypted background check results are returned to the agency in the same manner. **See Attachments L and G.**

(5) The procedures used by the agency to determine and review whether an individual's criminal history disqualifies that individual. (20 ILCS 5000/15(c)(5))

All applicants are required to disclose on the on the CMS-100 Application⁸ if they have ever pled guilty to or been convicted of any criminal offense other than a minor traffic violation. **See Attachment H.**

Direct-Care Occupations

For direct-care occupations, the applicants information is submitted to the Illinois Department of Public Health (IDPH) through its *Health Care Worker Background Check Registry's Web Application*, for a finger-print based criminal background check in accordance with Section 33 of the Health Care Workers Background Check Act (225 ILCS 46/33). IDPH executes the criminal background check and makes the determination if the individual is disqualified.

⁸ CMS: Illinois Department of Central Management Services

Non-Direct-Care Occupations

All non-direct-care occupations are subject to criminal background checks that are executed by the Illinois State Police (ISP). The request for a background check is submitted to ISP by the Department's Human Resources staff through a computer application. The Department refers to the listing of *Disqualifying Convictions* maintained by the Illinois Department of Public Health; however, it has discretion in applying criminal background to non-direct care hiring decisions. **See Attachment D.**

(6) The year the restriction was adopted, and its rationale. (20 ILCS 5000/15(c)(6))

The Illinois Veterans' Homes Code (77 Ill. Adm. Code 340.1377) was last amended on August 2, 2005 and required the Department's veterans' home facilities to comply with the Health Care Worker Background Check Act (225 ILCS 46) and the Health Care Worker Background Check Code (77 Ill. Adm. Code 955).

The fingerprint based criminal history checks are defined in Section 33 of the Health Care Worker Background Check Act (225 ILCS 46/33), which was effective August 13, 2007.

The disqualifying offenses as defined in Part 160 of the Health Care Worker Background Check Code (77 Ill. Adm. Code 955.160) were adopted on August 29, 2009.

The rationale for the adoption of the criminal record-based restrictions was to comply with applicable laws and administrative rules, and to promote the safety and security – physical, medical, financial, or otherwise – of veterans, veterans' home residents, Department staff, and citizens in general.

(7) Any exemption, waiver, or review mechanisms available to seek relief from the disqualification based on a showing of rehabilitation or otherwise, including the terms of the mechanism, the nature of the relief it affords, and whether an administrative and judicial appeal is authorized. (20 ILCS 5000/15(c)(7))

The Department does not directly grant waivers for disqualifying offenses. A Waiver Application Form is available from the Illinois Department of Public Health (IDPH) which the disqualified individual may complete and submitted to IDPH. **See Attachment I.**

A fact sheet regarding the waiver application is also available. **See Attachment J.**

(8) Any statute, rule, policy and practice that requires an individual convicted of a felony to have his civil rights restored to become qualified for the job; and 9 copies of the following documents:

(A) forms, applications, and instructions provided to applicants and those denied or terminated from jobs or licenses based on their criminal record;

(B) forms, rules, and procedures that the agency employs to provide notice of disqualification, to review applications subject to disqualification, and to provide for exemptions and appeals of disqualification.

(C) memos, guidance, instructions to staff, scoring criteria and other materials used by the agency to evaluate the criminal histories of applicants, licensees, and employees; and waiver, exemption and appeals procedures for denial, suspensions and terminations of employment or licensure based on criminal history.

(20 ILCS 5000/15(c)(8))

The applicable statutes and rules include:

- The Health Care Workers Background Check Act (225 ILCS 46), Section 25: Persons ineligible to be hired by health care employers and long term facilities;
- The Health Care Workers Background Check Code (77 Ill Adm. Code 955 Section 955), Section 160: Disqualifying Offenses; and,
- The Illinois Veterans' Homes Code (77 Ill Adm. Code 340), Section 1337: Health Care Workers Background Check.

For direct-care occupations, an IDPH Health Care Worker Background Check - Authorization and Disclosure for Criminal History Records Information (CHRI) Check form is completed by the applicant. The *Health Care Worker Background Check Registry's Web Application* is used to submit information from the form to the Illinois Department of Public Health (IDPH) for a finger-print based criminal background check in accordance with Section 33 of the Health Care Workers Background Check Act (225 ILCS 46). IDPH executes the criminal background check and makes the determination if the individual is disqualified. Waiver applications are handled by IDPH. **See Attachment K.**

For non-direct-care occupations, a Request for Release of Information Form is completed by the applicant authorizing the Illinois State Police to release criminal history information relative to the existence or nonexistence of any criminal record on file solely to determine an applicant's suitability for employment or continued employment with the State of Illinois. Applicants may view the results of their background check upon request. **See Attachment L.**
