

These numbers are based on reports pulled from the FPR licensing database. The numbers of applicants for each license may not represent the total number that actually applied, only the entries that were properly tagged as "application". The number of applicants disqualified should be accurate, and the total number of applicants, if inaccurate, will be low, so the percentage of individuals disqualified will be an over estimate. All other data is not currently tracked.

Profession	Total Number Licensed	Number of applicants who underwent a background check	Percent of applicants who underwent a background check	Number of applicants required to disclose criminal history	Percent of applicants required to disclose criminal history	Number of individuals found disqualified based on criminal convictions	Number of applicants found disqualified based on disclosure	Percent of applicants found disqualified based on disclosure	Number of applicants found disqualified based on background check	Percent of applicants found disqualified based on background check	Number found disqualified where no waiver or exemption process is available	Percentage found disqualified where no waiver or exemption process is available	Number found disqualified where no waiver exists that south Admin. Review	Percentage found disqualified where no waiver exists that south Admin. Review
