RE: Report on Restrictions for Employment

---

The Illinois Deaf and Hard of Hearing Commission (IDHHC) has the authority to conduct background investigations for employment purposes for employees and Commissioners' but at this time does not enforce.

IDHHC is responsible for the regulation and monitoring of licensure for Sign Language Interpreters in the state of Illinois. Legislation does not state that we are required to do background investigations.

IDHHC does not have anything to report.

Please let me know if you have further questions.

Thank you.
