Huerta, Berenice

* No applicants were disqualified or denied employment because of a background check.

IDOA conducts background checks for all full-time positions.

It is a condition of employment for many positions that an employee must live in the county they work in. If a candidate chooses not to abide by this rule at the time of hire IDOA denies employment.

It is a condition of employment that new employees take an extensive physical. If the candidate does not pass the physical IDOA denies employment.
